

1. Purpose

This policy outlines the fee schedule for accreditation services provided by ASC-Accredit. Our fee structure is designed to be fair, transparent, and competitive, while ensuring that we have the necessary financial resources to maintain the quality and integrity of our accreditation program.

2. Fee Schedule

The following fees apply to the accreditation of Ambulatory Surgery Centers (ASCs):

Service	Fee	Description
Application Fee	\$1,000	A one-time, non-refundable fee submitted with the application for accreditation.
Annual Fee	\$5,000	An annual fee for the maintenance of accreditation. This fee is payable upon initial accreditation and on each anniversary thereafter.
On-site Assessment Fee	\$3,000 per assessor, per day	This fee covers the cost of the on-site assessment, including travel and accommodation for the assessment team. The number of assessors and the duration of the assessment will depend on the size and complexity of the ASC.
Surveillance Assessment Fee	\$2,000 per assessor, per day	This fee covers the cost of surveillance assessments, which are conducted annually to ensure continued compliance with our accreditation standards.

3. Payment Terms

All fees are quoted in US dollars and are payable within 30 days of the invoice date. Accreditation will not be granted, and the accreditation mark may not be used, until all fees have been paid in full.

4. Fee Reviews

This fee schedule is reviewed annually by the Board of Directors and may be subject to change. Any changes to the fee schedule will be communicated to all accredited ASCs at least 90 days before they take effect.
